When you can’t find the keywords in Japanese for your research interest, Navigational Article Search menu will suggest you some clues.

1) Click “Navigata Kiji Kensaku” Menu from Navigation Bar on the left.
2) Input the keyword: It helps to give you some keyword suggestions.
3) Refine keywords: Narrow your search choosing related keywords from different categories.
4) You can also choose from the subject (Theme/topic, Industry, Region, Type of article)
5) Period setting: Use scroll bar to change and use the buttons for “A year and half”, “Three Years”, “Six years” to narrow period.
6) Pick up contents: Choose items with tick boxes.
7) Click to display articles.
